Summary

Creative and detail-oriented Frontend Developer with a strong foundation in responsive design, user-centric interfaces, and a passion for delivering seamless web experiences. Proficient in HTML, CSS, JavaScript, React, and TypeScript, with hands-on experience in creating visually appealing and functional websites. Eager to leverage technical skills and innovative thinking to contribute effectively in a team-driven environment.

Technical Skills

- Languages: HTML, CSS, JavaScript, TypeScript
- Frameworks: React, Bootstrap, Tailwind CSS
- Tools: Git, Figma, Visual Studio Code
- Other Skills: Responsive Web Design, Cross-Browser Compatibility, RESTful APIs

Experience

Frontend Developer

Freelance | Remote

Jan 2022 - Present

- Developed responsive websites for clients, ensuring cross-browser compatibility and a seamless user experience.
- Created reusable components in React, improving site consistency and reducing development time by 30%.
- Collaborated with designers to implement mockups accurately, optimizing UI elements for enhanced usability.

Intern - Frontend Developer

Innkeeper Academy | Lagos, Nigeria

Aug 2024 - Nov 2024

- Assisted in building a real-time dashboard application using React and Bootstrap, increasing data visualization capabilities.
- Performed bug fixes and code reviews to enhance website performance, reducing load times by 25%.
- Enhanced the accessibility of websites, improving the user experience for users with disabilities.

Projects

Personal Portfolio Website

A portfolio showcasing my projects, skills, and services, with a clean and modern UI. Built with React, Bootstrap, and CSS for responsive and visually engaging design.

E-commerce Platform (FinestMart)

Developed the frontend for an e-commerce site, integrating features like product categories, search functionality, and a shopping cart. Used React, JavaScript, and responsive design principles.

UI/UX Resource Hub

Built a website offering UI/UX assets, tools, and tutorials for creators worldwide. Employed React and Figma to create an intuitive, user-friendly interface.

Education

Student

Certifications

- JavaScript Essentials - CodeAcademy
- Responsive Web Design - freeCodeCamp

Additional Information

- Passionate about continual learning and staying updated with the latest industry trends in frontend development.
- Actively contributing to open-source projects on GitHub, focusing on improving documentation and UI components.
